Important message from your local police

The summer period is now here which means doors and windows are being left open, however this also means that burglary's will also increase as our homes are not secure.

We are all as guilty, when we are in the back garden having a BBQ or gardening our front door is unlocked. When we go to bed we leave the downstairs windows open for ventilation.

A few simple measures will ensure you are not a statistic.

- When you are in the garden ensure your front door is locked and front windows are shut.
- When you go to bed secure all downstairs windows or those that are accessible from flat roofs.
- When you are sat at home in the lounge watching TV etc., ensure all your doors are locked.
- Keep valuables away from open windows.
